This run plan has been created with input from the work of Hal Higdon, Jeff Galloway, Runner's World and Dr. Jim Roberts. It is a guideline not a set of rules. If this regimen isn't challenging enough, ramp it up or move up to the next plan. If it is too challenging, dial it down or move down to the next plan. Tuesday runs are suggestions, your coaches may choose to switch it up a bit. If you aren't familiar with any terms used, please consult "Training Terms" pdf. If you need some direction for cardio or strength training, please see "Cardio Training" and "Strength Training" pdfs.
